* Preliminary Medical/Pharmacy/Tobacco rates may increase due to medical underwriting.
* Option rates will not increase due to medical underwriting.

How to Calculate Rates:

Use Plan# with appropriate age(s) and gender(s)

- Single
- Policyholder plus One
- Policyholder plus Children (add policyholder and total premium of three (3) oldest children)
- Children Only (total premium of three (3) oldest children)
- Family (add policyholder, spouse and premium of oldest child - one (1) child)
